

Connor & Gallagher OneSource will continue its efforts to reduce risk and workplace injuries for companies by hosting an OSHA General Industry Training Course. The program will provide training for workers and employers on the recognition, avoidance, abatement, and prevention of safety and health hazards in the workplace.

Attendees will receive a **10-hour** OSHA Card after the completion of this course

Topics to be Covered:

Day 1

- Introduction to OSHA
- Incident Investigation
- Subpart J: Lockout/Tagout
- Subpart O: Machinery & Machine Guarding
- Subpart E & L: Exit Routes/Emergency Planning & Fire Protection
- Subpart I: Personal Protective Equipment

Day 2

- Subpart D: Walking & Working Surfaces
- Subpart Z: Toxic and Hazardous Substances (Hazard Communication)
- Subpart S: Electrical Safety
- Ergonomics
- Questions and Answers on OSHA Website Resources
- Subpart N: Materials Handling and Storage

Attendees must be present for the full duration of both training days to receive their OSHA 10 card.
